COMPILED RECORDS SHOWING SERVICE OF MILITARY UNITS IN VOLUNTEER UNION ORGANIZATIONS

Roll 16

ILLINOIS

Fifteenth Infantry
through
Twentieth Infantry

THE NATIONAL ARCHIVES
NATIONAL ARCHIVES AND RECORDS SERVICE
GENERAL SERVICES ADMINISTRATION

Washington: 1964

INTRODUCTION

On the 225 rolls of this microfilm publication are reproduced the compiled records that give the military service histories of units in volunteer Union organizations. The compiled records are card abstracts containing information relating to the stations, movements, or activities of each unit or a part of it, and frequently to its organization or composition, strength and losses, and disbandment. Sometimes the names of commanding officers, the dates the unit was called into service and mustered out, the terms of service, and similar information are included.

The compilation of records of service by military units of volunteer Union organizations was undertaken simultaneously with the compilation of the service records of volunteer Union soldiers. The work was begun in 1890 under the direction of Capt. Fred C. Ainsworth, head of the Record and Pension Division of the War Department. The abstracts were made from original muster rolls and returns in the custody of the War Department and from rolls borrowed from the Second Auditor of the Treasury. The abstracts made from the original records were verified by a separate operation of comparison, and great care was taken to ensure that the abstracts were accurate.

Most of the compiled records reproduced on this microcopy are arranged alphabetically by State or Territory. The remainder are for units that were not limited to any one State or Territory; among them are the U.S. Colored Troops, U.S. Volunteers, and U.S. Veteran Reserve Corps. The records are further arranged by organisational breakdown under each unit.

Most of the compiled records for each organizational unit are in jacket-envelopes bearing the title "Record of Events" and giving the name of the unit. Many of the cards contain abstracts of the record-of-events information as found in original muster rolls and returns. Also included are some cards showing the exact captions of the muster-in and muster-out rolls that were copied and the certifications by the mustering officers verifying the accuracy of the rolls. The jacket-envelopes for a few units contain no documents but do contain references to other units with which these units were merged. In some instances the references concern transfers of documents.

Preceding the jacket-envelopes for the organizational units there sometimes are envelopes containing general notation cards giving information relating to the units. Some of the notations are statements of determinations made by the War Department concerning the service of the units; others contain information that was found in original records other than muster rolls and returns.

There are some card abstracts made from returns that are not in jacket-envelopes. These abstracts were accumulated by the War Department to be interfiled with the regular abstracts but were not interfiled, for one reason or another. The usual reason was that the abstracts made from returns were compiled later than those from muster rolls and in some cases the War Department failed to complete the filing of them. The National Archives has collected all the unjacketed abstracts that could be found for each unit and has filed them immediately after the jacket-envelope containing related abstracts for the unit. A card labeled "Additional Card Abstracts of Records" has been placed at the beginning of each set of unjacketed abstracts to distinguish them from the ones that are in jacket-envelopes.

The National Archives also has compiled service records of the volunteer Union soldiers who served in the units whose service histories are reproduced in this microcopy. They consist of a jacket-envelope for each soldier, labeled with his name, his rank, and the unit in which he served and typically containing (1) card abstracts of entries relating to the soldier as found not only in original muster rolls and returns but in other original records such as hospital rolls, descriptive books, and lists of deserters; and (2) the originals of any papers relating solely to the particular soldier. In a few instances there are compiled service records for volunteer Union soldiers who served in units for which there are neither record-of-events nor general notation cards; consequently, there is no record of such units in this microcopy. These units generally served only for short periods (about 1 to 3 months) or failed to achieve a complete organization. There are card indexes that may be used to locate the compiled service record of a volunteer Union soldier. Most of the indexes and some of the compiled service records of volunteer Union soldiers have been microfilmed.

The compiled records showing the service histories of units in volunteer Union organizations reproduced in this microcopy, the compiled service records of volunteer Union soldiers, and the indexes to the latter are part of Record Group 94, Records of The Adjutant General's Office.

This Co. was last mustered at Florence, Ala as will be ascertained from the last rolls. Our march from there to this Place (Nashville Tenn) is one well worthy of record for its swiftness for the time of year. Our average days March was about 25 miles. In coming there we had a little Brush with Several Parties of Guerillas which we managed to rout with a loss superior to ours this Regt lost on the march one man killed and 3 or 4 wounded this Co. lost no men During the march.

following reason. By a state law passed before the issue of the President's Proclamation ten regiments of Volunteers were called into the state service and one regiment assembled in each Congressional District. They were thus presented by the Governor of the state at whose request they were exempted from repairing to the Rendezvous appointed by the President of the U.S. and were mustered into the service of the U.S. at their respective Camps. I did not therefore think that the U.S. were responsible for their transportation to those points as it was done by State law and before the President's call was made

Remarks

The distance to the place of rendezvous is omitted for the following reason; By a State law passed before the issue of the President's proclamation, ten regiments of Vols. were called into the State Service, and one regiment assembled in each Congressional district. They were thus presented by the Governor of the State on whose request they were excused from repairing to the rendezvous appointed by the President of the U.S. and were mustered into the U.S. Service at their respective camps. I did not think therefore that the U.S. were responsible for their transportation to those points as it was done by state law before the Presidents call was made.

Colymbia and engaging the enemy's pickets on the left of their line killed one man outside and two inside their breastworks and wounded four. Our men lost nothing During the 13 our skirmishers were constantly engaged with the enemy's sharpshooters the entire Regt being pushed further to the left of their line and towards the Cumberland River camping under cover of an eminence commanding their position where we remained during the 14 with but little skirmishing On the morning of the 15 the enemy leaving their breastworks attacked us in force and was heartily welcomed and held in check from daylight until noon when many of our Field and Company Officers being disabled the companies much cut up and ammunition exhausted the Regt was compelled to fall back Arriving under cover of the hills they again formed in line of battle behind the enemy's breastworks when they camped without further engagement during the 16th Our loss during the first three days fighting was trifling but in the final charge it was very severe most of the wounds being of such a nature as entirely to disable the men having them during the remainder of the battle Nearly all the Colonels of the Regt were lost in the order and the former Adjt having graduated at home but little attention was paid to forming companies or data of any kind After the battle the wounded were sent off by the surgeon in charge immediately and many days elapsed without any communication of any kind except the meagre details of the report

RECORD OF EVENTS.

On the 27th day of March 1864, the Regiment marched from Pine Bluff, Ark. to Mount Elba, 30 miles distant on the Saline River, and were left there for the purpose of guarding a pontoon bridge. The Regiment numbered 26 commissioned officers and 230 enlisted men. We were accompanied by a detachment of the 28th Wisconsin Infty. of 6 Commissioned officers and 260 enlisted men and about 30 Cavalry and 3 pieces of Artillery. On the morning of the 30th of March, the position was attacked by a superior force of the enemy. After a short contest they

were driven off with a loss of about 30 killed and 60 wounded. The 18th Regmt lost none in killed or wounded. Two were missing in action, supposed to have been taken prisoners while on Picket guard. Returned to Pine Bluff, March 31. 1864.

On the 24th of April 1864, the Regiment again marched for the same position on the Saline River, arriving there about 1 o'clock P. M. on the 25th. A battle had taken place about 10 miles beyond the Saline. A small force of the enemy occupied the position but were driven across the River by our advanced guard. The enemy kept up a fire on the position occupied by the Regiment, which was returned. They finally retired. We remained there until the morning of the 26th when we received orders to return to Pine Bluff. Arriving there on the morning of April 27. 1864.

RECORD OF EVENTS.

On the evening of Dec 31/62 we started for the Tenn R., to cut off Forrest's retreat across the River. We marched nearly all night & the following day crossed at Lexington, Tenn. where we forded on the ice & arrived at a camp Genl Sooy's R. the evening of Jany 1/63. During the night our Co & Co K were ordered to go out & surprise a party of rebels about a mile from Camp. Capt. Reed, Field Officer of the day, had charge of the affair. We accompanied Co D (Capt Lawler's) & Capt Jones had charge of his Co.

Boat went in different directions in order to surround them. Capt. Reed arrived at the spot first & as we neared the spot, he ordered Co D to fire into us at a dist. of 15 steps, mistaking us for the enemy. Two of our men were killed at the first fire (one Sgt & one Priv.) when the mistake was found out. The following day we went on to the R. Pedro and & water knee-deep in many places, but, finding no rock this side, returned to the vicinity we had left in the morning. Here we remained until Monday morning & then started back again, arriving at Bethel Town on Jany 7. Some beans came to hand during the night by R.R. During this march of about 120 mi., we subsisted mainly on pork & corn-meal which we gathered along the way. Shortly after our return we drew rations, but some are not fully recovered yet. Our principal duty now is to guard freight trains.

On Apr. 1st we rode to Bolivar, Tenn, via the 2nd station for Lexington Co, seat of Taylor Co. We rode nearly all night & were fired on several times by scattered guerrillas, some of whom we captured. On the 3rd, we rode into Jacksonville & shortly after the guerrilla came on our pickets & captured our Orderly & my Co. Richardson afterwards paroled. On the 4th inst. we arrived at Covington, Tenn. where scouting parties were sent out in every direction, some going as far as Ft. Randolph on the Miss. R. 18 miles of Memphis. On the 9th we started back to Bolivar, where we arrived on the 10th. On the night of the 11th we rode thro' mud water to Somerville Co. seat of Fayette Co., & from here we again started in many directions going as far as Lexington again, & on the 15th returned to Bolivar, & the 16th to Jackson. We took (that is, stole) part of the Rebs along & about 40 prisoners & released about a hundred horses & mules. We also virtually scattered the guerrillas in those regions & may be have taken much prisoners, if they had not the fleetest horses that could afford. They would not fight us on a fair fight. But if we did not kill many of them we ate a large portion of their grub for while out we lived off the fat of the land; during the 16 days we marched about 500 mi.

ville Pike on which we marched to the town of Nolanville. Bivouaced about one mile beyond that town. Rained very hard all night. Dec. 27 Marched back to Nolanville, where baggage was reduced and left. Took cross road (the worst we had traveled yet and the rain pouring down in torrents) for the Murfreesboro Pike. Bivouacked within half a mile of that pike. Night clear & cold. Remained until the morning of the 29th when early in the morning of that day the Regt. marched through the fields and woods on a reconnoissance to the right and front. Skirmished through the woods more or less all day arriving within about 3 miles of Murfreesboro by night where we bivouacked in a severe rain storm. Dec. 30 got in line early in the morning. Marched through an almost impenetrable forest of cedars about one mile when Cos. D, E, F, H, I & K were deployed as skirmishers. Hot work having deployed immediately in front of the enemies camps. Our skirmishers fell back; the reserve consisting of Cos. A, B & C marching forward met them and not only checked the advance of the enemy but succeeded in driving them into their camps. We bivouacked that night on the ground we had gained. Dec. 31 Battle commenced in earnest bright and early on our right which was finally driven in making our position uncomfortably hot and the Regt. soon became engaged but after severe fighting against overwhelming numbers was compelled to fall back doing so in good order to Salt Road Crossing.
